8-N-33.

Letter No.879/30, dated the 4th August, 1930, from the Commissioner of Police, Civil and Military Station, Bangalore.

The facts of the case are as follows:---

A private building was rented in Memorial Street for a Police Station at Cleveland Town in 1922 on the verbal understanding that the building would be reconverted to its original state when vacated. After the construction of a new Police Station at Cleveland Town, it was vacated on the 1st September 1929.

8.N.27.

An estimate for Rs.186/- was submitted to this Residency on 18th February, 1930, for converting the building into a dwelling place. After some enquiry this was sanctioned on the 14th March, 1930. The Commissioner of Police states that owing to lack of funds the work was not completed till 5th July 1930. The owner was asked to take over the building on the 10th July, 1930.

8.N.30.

The owner now claims rent of Rs.310/- for the building from 1st September 1929 to the 10th July 1930 at Rs.30/- per mensem.in addition to certain further repairs and alterations. The Commissioner of Police recommends the payment of rent of Rs.310/- on the clear understanding that this will be paid in final settlement and that his claims for further repairs and alterations are untenable.

The expenditure, if sanctioned, is open to audit objection, as sufficient steps were not taken to safeguard the interests of the Government. As soon as the building was vacated steps should have been taken to hand it over to the owner. This would have saved the Government Rs.310/- now claimed by the owner.

The expenditure may perhaps be sanctioned.

SIR,

Constructing a new Police Station at Cleveland Town - Contractor's claims - Payment for the removal of dismantled materials and stacking them at site for auction.

I have to inform you that a sum of Rs.50/- was provided in the estimate for the above work for dismantling the existing buildings, but no amount was provided therein for removing the dismantled materials to a distance in order to take count and to sort them in order to have them auctioned. The Contractor did the latter work also and the amount realised by auction of the dismantled materials and credited to Government is Rs.594/-.

The Contractor submitted a petition on the 22nd January 1930 that the amount of Rs.50/- provided for in the estimate for dismantling the building and stacking the materials at site was too low, and requested for payment of a higher amount.

I have examined his claim and think that an extra amount of Rs.50/- should be paid to him in consideration of the labour involved; and have promised to pay him the amount.

This charge can be met from the savings in the revised estimate for Rs.9721/- for the work sanctioned in Procs. No. 518-1928 9538/51/1928 dated the 11th November 1929.

Letter dated 5th February 1930, from S. K. Dharmalingam, Lakshimivilas, Thimmiah Road Cross, Bangalore, to the Commissioner of Police, Civil and Military Station, Bangalore.

I beg to state that premises No. 7 Memorial Street, C & M Station Bangalore, which belongs to me was in the occupation of the Government being used as a Police Station for over 7 years and wa vacated in or about September of last year. During the time when it was occupied by the Police and used as a Police Station some changes were made in the construction of the building in order to suit its requirements. Such as converting two bed rooms into lock up rooms with Iron bar doors. For ordinary residents the building has become useless an account of the said alterations and I requested you so long ago as September last to kindly remove the iron bar doors and replace ordinary wooden doors and also to do such other things as are necessary to make the house suitable for residential purposes, but I regret that you have not been pleased to order the said alterations to be made as yet I beg therefore to request that you may be so good as to give instructions to your subordinates to do the needful immediately as I am incurring loss of rent every month at the rate of Rs. 30/- p.m. for the last 5 months I hope you will be pleased to see that if the above is not done at least now I shall be obliged to claim the amount of less sustained from the Government.

Thanking you in advance.

FORWARDED.

There are no definite rules covering the case, but the rules regarding the improvement of leased buildings used as residences and the method of recovery of rent and the capital invested ~~and~~ given in the P.W.D. Code (10th Edition) para 322 II may be held to apply generally to buildings leased by Government for occupation. The building in question was taken on lease for a police station. There was no written agreement for the lease. At the time of occupation the owner of the building should have been asked to carry out the necess-ary alterations so as to render it suitable for a Police Station. This course does not appear to have been adopted. By the conversion of the bed-rooms into lock ups the house has become unfit for a dwelling place. Since these alterations were made without the consent of the owner for the convenience of Government and as there was no lease agreement stipulating the conditions of occupation, the recovery of the amount spent by Government cannot, it appears, be enforced against the owner. In the circumstances it appears equitable that the necessary alterations should be made at Government expense and the house handed over to the owner in the same state in which it was at the time of occupation. The ~~Resident~~ Commissioner says that this was always the understanding. If necessary, the opinion of the Government Pleader may be taken.

SIR,

S.N. 29/A (N) .. 30 (3)

I have the honour to invite your attention to my letter No. 252/A/1930 dated 27th February 1930 and the Hon'ble the Resident's proceedings No. 2280 dated 14th March 1930.

2. A private building was rented in Memorial Street for a Police Station in 1922 on the verbal understanding that the building would be reconverted to its original state when vacated. It was vacated on 1-9-1929. On 3-9-1929 I addressed the Executive Engineer, asking for an estimate and I received the estimate for Rs. 186 on February 15th 1930. Owing to lack of funds the work was not completed till July 5th 1930.

3. The landlord refusss to take over the building on the ground that a sunshade is missing and trellis work has been removed from two verandahs and three earth ovens and the kitchen door are missing. He states that the floor requires cement pointing ~~of~~ and the whole building requires colour washing inside and out. He also claims rent from 1-9-1929 until the building is finally handed back to him.

4. The claims for cement pointing and colour washing are preposterous as it is a landlord's business to keep the premises in repair. It is quite evident from the records that no trellis work was removed or any alterations made except the fixing of two iron doors to convert two rooms into lockups and the closing up of two other doors. This was done at Government expense and the house has been restored to its original condition at Government expense. I therefore consider the other claims for repairs and alterations should not be sanctioned.

5. The owner is however entitled to demand rent from September 1st 1929 to July 10th 1930, on which date he was called upon to take over the building and I recommend that a sum of Rs. 310 be paid to him, on the clear understanding that this will be paid in final settlement and that his claims for further repairs and alterations are untenable.

Subject:-

Payment of rent to the old Cleveland Town Police Station in Memorial Street.

~~Sir,~~

Sir,

With reference to your Endorsement No. 6695, dated 26-8-30, forwarding a copy of letter No. 879 A-30, dated 4-8-30, from the Commissioner of Police on the above subject, I have the honour to bring to your notice the loss to Government arising out of the failure to enter into a formal written agreement with the owner and the delay in executing the necessary alterations to the building. The building was vacated on 1-9-29. The Municipal Engineer delayed preparing the estimate from 3-9-29 to 15-2-30 and the execution of the work was delayed until 5th July 1930. The reason given that this small sum of Rs. 186/- required for expenditure on an urgent work could not be found does not appear to be convincing. The result has been that Government have had to pay to the owner of the building a rent of Rs. 310/- from 1-9-29 to 10-7-30 in addition to incurring an expenditure of Rs. 215/- on alterations.

I request therefore that if there is no objection, instructions may kindly be issued that, in future, no private building should be taken on lease without a formal agreement being drawn up and approved by the Hon'ble the Resident and that unnecesaary delays such as those noticed in this case should not be allowed to occur.

I have the honour to be,-

Sir,

Your most obedient servant

PAY & ACCOUNTS OFFICER.

Payment of rent to the old Cleveland Town Police Station in Memorial Street.

Sir,

S.N. 34

In continuation of my memorandum No. 6251/512-1928, dated the 9th August, 1930, I am directed to bring to your notice the loss to Government arising out of the failure to enter into a formal written agreement with the owner and the delay in executing the necessary alterations to the building. The building was vacated on the 1st September, 1929. The Municipal Executive Engineer delayed preparing the estimate from the 3rd September, 1929, to the 15th February, 1930, and the execution of the work was delayed until the 5th July, 1930. The reason given that the small sum required for expenditure on an urgent work could not be found does not appear to be convincing. The result has been that Government have had to pay to the owner of the building a rent of Rs.310/- from the 1st September, 1929, to the 10th July, 1930, in addition to incurring an expenditure of Rs.215/- on alterations.

2. I am, therefore, to request that in future no private building shall be taken on lease without a formal agreement being drawn up and that steps shall be taken to prevent a recurrence of unnecessary delays, such as those noticed in this case.

I have the honour to be,
Sir,
Your most obedient servant,

o/c

Major.

I have the honour to forward herewith a revised estimate for the above work for sanction and return.

The work has been completed and paid for.

The excess is due to the low price obtained by the sale of the gate shutters. Credit for a sum of Rs.36/- was allowed in the estimate for the shutters, and the actual amount realized was only Rs.9-8-0.

The sale of the shutters to one Mr. Kallappa may also be confirmed.

I have the honour to be
Sir,
